Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

SEEING, KNOWING, BEING: A GUIDE TO SACRED AWAKENINGS

True Compass Press, United States, 2012. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book. Taoist sages and Sufi mystics to Christian contemplatives and contemporary Zen masters know that the real work of self-discovery-and the answer to our suffering, emptiness, and loss of meaning-is learning to see in a different way. Explores the profound truth behind all the world s mystic traditions: Living a spiritual life has nothing to do with fixing ourselves. It is simply a matter of awakening to what we already are. This artful book traces the steps and stages of the delicate process of awakening in a unique and inspiring way. He also highlights over 100 evocative images and metaphors -- as varied and colorful as the sages themselves -- to kindle imagination and spark intuition-to shift perspective and into an awareness that no amount of explanation can achieve. When we put aside society s hand-me-down map of the mind, we can go to work, raise a family, take out the garbage and still experience the wonders and oneness of life with deep reverence, gratitude, and joy.
