iUniverse, United States, 2009. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.America needs an American solution to saving the homes and the people, and here is an American solution - a revolutionary idea of economics and political conversation. The means to providing for greater personal wealth to every American and securing a universal health care system without massive taxation or the progressive liberal (socialist) idea of massive government. Keeping American companies in America, re-creating an environment where hiring and employment is the focus, where opportunity and hope are more than slogans and change is not merely a word used. The means to this future very simply offered in a to the point format, meant for the people to understand and demand in one voice. America needs leadership and direction not traditional political posturing and partisan finger pointing. Freedom and liberty are not secured through government dictate, only through the people which government must facilitate their means and the pursuit of individual choice and success.
