Citing hundreds of scientific studies, and telling the stories of dozens of people who have used his ideas for their own healing, he shows how you can apply these discoveries in your own life. He explains how electromagnetic energy flows in your body and affects your cells, and how the new fields of energy medicine and energy psychology can help cases that are beyond the reach of conventional medicine. He shows how your hormonal, neurological, connective tissue, and neurotransmitter systems all work in harmony to conduct a coordinated flow of information throughout your body.
